# APPLICATION GUIDE

AutoChimp™ cameras can be connected directly to aftermarket screens or factory Toyota screens through our OEM integration patch harnesses.

Depending on what type of display you are using, your connection cable will vary.

# CAMERA INTERFACING

The AutoChimp RCA Adapter can be used for direct connection to AutoChimp™ Dual + Quad Camera systems and are a universal connection to stereos & screens with composite video input.

AutoChimp™ cameras can also be connected directly to factory Toyota screens or through our OEM integration adapters & patch harnesses.

# ADAPTER INFO GUIDE

The AC-PRO-CAM-RCA is available in both black and yellow. Its primary role is to connect cameras to either a screen/stereo or the QuadCam interface. The colours help designate between different cameras such as rear & front.
